

The Third Legacy Procedure*—

- i. **A candidate must receive $\frac{2}{3}$ of the total vote to be elected.** The results of each ballot will be posted.
- ii. After the second ballot, any candidate who received less than $\frac{1}{5}$ of the total vote will be withdrawn, except the top two candidates must remain; in the event of a tie, all candidates tied for second place remain.
- iii. After the third ballot, any candidate who received less than $\frac{1}{3}$ of the total vote will be withdrawn, except the top two candidates must remain; in the event of a tie, all candidates tied for second place remain.
- iv. After the fourth ballot:
 - (1) The candidate with the smallest number of votes will be withdrawn, except the top two candidates must remain; in the event of a tie, all candidates tied for second place remain.
 - (2) The chair will ask if there is a motion to go to a fifth ballot.
 - (a) If such a motion is made and seconded, a simple majority will be needed to take the election to the fifth ballot.
 - (b) In the absence of such a motion passing, the election will be decided by lot, that is, it “goes to the hat.”
- v. If no candidate receives $\frac{2}{3}$ of the vote on the fifth ballot, the election will be decided by lot.
- vi. For example: If 100 votes are cast,
 $\frac{2}{3} = 67$ votes; $\frac{1}{5} = 20$ votes; $\frac{1}{3} = 34$ votes
